

## POLICY

**Title:** Delegation of Authority – Programs and Services

**Policy Statement:**

The Board delegates that the President has the authority to initiate, modify, suspend, or terminate College programs and services within the following executive limitations.

1. Learner programs and services should be delivered as directly as feasible.
2. Termination of programs and services will not directly result in campus closure.
3. Consultation with the Council of Community Education Committee (CCEC) should precede decisions which substantively change learner programs and services.
4. Modification of a program will not reduce transferability or accreditation.
5. Consultation with the Academic Council should precede decisions which substantively modify learner programs and services.
