**Northern Lakes College Celebrates Long Service Awards**

Northern Lakes College established the Long Service Awards to express appreciation and recognition to long serving faculty and staff members whose dedication and hard work have contributed to the success of our students. On October 18<sup>th</sup>, long service awards were presented to 26 staff members for their dedicated service. The Board of Governors along with the President, family members and co-workers spent an enjoyable evening celebrating with the long service recipients and retirees.

Northern Lakes College is fortunate to have many employees who have been with the College for more than twenty years and at this event, special recognition was given to Wanda McGrath, Madeline McVey and Kyle Paulson. Each recipient’s supervisor had the privilege of highlighting career accomplishments and acknowledged the commitment, enthusiasm and the value each staff member brought to work every day.

“The Long Service Awards event provides us with the opportunity to celebrate our employees’ commitment. The success of Northern Lakes College is based on the passion and dedication of our staff. I would like to extend a heartfelt thank you to all our employees celebrating long service and who have been steadfast in providing quality service to our students,” said Ann Everatt, President and CEO of Northern Lakes College.

Northern Lakes College is a multi-campus college located in northern Alberta and is focused on providing relevant, quality programs through a distributed learning model, serving over 6,000 students annually. To meet regional needs NLC offers a wide range of certificate and diploma programs in Business, Health Sciences and Allied Health, Human Services, Technology, Trades, University Studies and Academic Upgrading. The College collaborates with Campus Alberta partners to offer degree completion opportunities throughout its service region, including a Bachelor of Education and a Bachelor of Social Work. Northern Lakes College also provides a wide variety of professional accreditation and certificate programs through its Continuing Education and Corporate Training Department. Northern Lakes College houses the Woodland Operations Learning Foundation (WOLF) to provide Forestry and related post-secondary and professional development programs.
