

50 YEARS | Inspiring new beginnings.
Creating endless possibilities.

FOR IMMEDIATE RELEASE

NLC Offers Limited-Time Opportunity to Try Free Online Learning

Slave Lake, Alberta (May 6, 2020): At a time when we are all practicing physical distancing and many are staying home, Continuing Education & Corporate Training at Northern Lakes College is joining many of its fellow post-secondary institutions and offering free or discounted training to help serve communities.

While the department's in-person classes are suspended, the Continuing Education & Corporate Training department is offering online alternatives where possible. In recognition that many have not experienced NLC's unique Supported Distance Learning (SDL) model, the department, in collaboration with its partners and instructors, is offering selected FREE online training opportunities.

These offerings include timely courses such as [*Leading during Turbulent Times*](#) and [*Introduction to Zoom*](#), and business courses like [*Podcasting for Business*](#), and [*Writing Effective Proposals*](#).

To view these and other limited-time, selected training opportunities, visit the Northern Lakes College [website](#).

A distance learning college, Northern Lakes College provides the most accessible and flexible educational opportunities through innovative delivery. Utilizing its unique Supported Distance Learning (SDL) model, NLC assists 5,000 students annually to continue their education, improve their employment opportunities, and enhance their quality of life. Committed to its communities in northern Alberta and to its students, wherever they may be, NLC collaborates with business, industry, and other post-secondary institutions to benefit students and communities.
