ONLINE SAFETY COURSES

COMMON SAFETY ORIENTATION

Course Code: SA207-OL | \$109.20

This online course provides consistent safety messaging that clearly explains safe work practices and eliminates the need for redundant general orientation training. .

FALL PROTECTION

Course Code: SA216-OL | \$114.45

This Online Fall Arrest Protection Course will guide you through all aspects of Fall Arrest, from the different types of Fall Protection, to what personal protective equipment to use and how to calculate Fall Clearances

PIPELINE CONSTRUCTION SAFETY TRAINING (PCST)

Course Code:: SA208-OL | \$105.00

This course has been designed and developed by the construction industry to address health and safety issues specific to pipeline construction in the oil and gas industry.

TRANSPORTATION OF DANGEROUS GOODS (TDG)

Course Code: SA001-OL | \$94.50

This award-winning TDG online course includes a thorough exam and printable certificate to meet Transport Canada's training requirements for all employees involved in the transportation of dangerous goods. The course features video, animations, learning games and skill-building exercises and takes anywhere from 1.5 to 4 hours to complete.

WORKPLACE HAZARDOUS MATERIALS INFORMATION SYSTEMS (WHMIS)

Course Code: SA002-OL | \$94.50

Danatec's award-winning, industry recognized WHMIS online training course is for initial or re-certification training. This course meets all of Health Canada's training requirements under the Hazardous Products Regulations, for all persons involved in handling workplace chemicals.

CONFINED SPACE ENTRY AND MONITOR

Course Code: SA214-OL | \$109.20

This online Confined Space Entry and Monitor course teaches participants to identify, understand and mitigate the potential hazards of working in restricted and confined spaces. Developed using the Canadian Standards Association's Z1006-16 Management of Work in Confined Spaces and the Canadian Association of Oil and Gas Producers' Code of Practice for Confined Space.

GROUND DISTURBANCE LEVEL II- ALBERTA (ABCGA ENDORSED)

Course Code: OG001-OL | \$135.45

This online course is designed for any party that is supervising a ground disturbance, independently performing a ground disturbance, or issuing and receiving ground disturbance permits. The program ensures that personnel are familiar with, and fully understand, all the regulations and variances involved when a ground disturbance takes place.

AERIAL WORK PLATFORM/ ELEVATING WORK PLATFORM SCISSOR & BOOM CERTIFICATION ONLINE

Course Code: SA094-OL | \$124.95

This comprehensive Canadian EWP course exceeds all CSA/OHS requirements for classroom operator safety training certification in all Canadian provinces and territories. Covering Scissor, straight stick boom and articulating boom lifts. Summa courses are the highest quality online courses available today, combining high definition video with cutting edge machine animation and video demonstrations. The format increases learning retention and is very entertaining and informative for students. A few questions after every chapter prepare the student for the final exam. Upon successful completion students are provided with access to: EWP specific OHS requirements for every province and territory in Canada; a practical evaluation checklist; and easy-to-use instructions for evaluating operator competence on the machine.

FOOD SAFETY CERTIFICATION

Course Code: SA215-OL | \$94.50

This course is recommended to anyone that serves food to others, especially those who serve food to the public. This course is equivalent to FOODSAFE Level 1 and meets all legislated food handler training requirements across Canada. This course is ideal for staff in restaurants, day cares, camps, long-term care homes, special events, etc.

DEFENSIVE DRIVING - 3 DEMERT REDUCTION ONLINE TRAINING (ALBERTA ONLY)

Course Code: DT005-OL | \$99.95

Do you need to reduce the number of demerit points on your license? This 6-hour online Defensive Driving program is approved by the Alberta Government for the reduction of 3 demerit points from an Alberta driver's license. A minimum mark of 80% must be obtained on the final exam to qualify for the demerit point reduction.

IN-PERSON SAFETY COURSES

Check our website for a list of all course offerings, current and upcoming.

www.northernlakescollege.ca/cect

STANDARD FIRST AID - LEVEL C CPR/AED

Course Code: FA001

Upon successfully completing this course, you will be awarded a nationally recognized certificate that is valid for 3 years. Recognized as First Aider II by Alberta Occupational Health and Safety, this course includes, treatment for choking, control of bleeding, treatment and prevention of shock, child and infant resuscitation, one adult and two-rescuer CPR. Fractures of the limbs, head and spinal injuries, eye injuries, burns, medical conditions, environmental injuries, wound care and secondary survey are also covered.

H2S ALIVE

Course Code: SA004

This course shows workers how to work safely in and around hydrogen sulphide (H2S) environments. It provides participants with the skills and knowledge to help them identify and detect H2S, mitigate the hazards of working in an H2S environment, and respond to an incident involving an H2S release. It includes both theory and practical application exercises. Upon successful completion of the course and examination with a minimum score of 70%, you will receive a Certificate of Completion that is valid for three years.

CANADIAN FIREARMS SAFETY COURSE (PAL)

Course Code: SA218

This course includes instruction on how to safely use, handle and store both firearms and ammunition. The Canadian Firearms Safety Course discusses the rules and regulations as well as the legal responsibilities and other duties required by firearm users and owners. Upon successful completion of the Canadian Firearms Safety Course and exam, students are awarded with their Non-Restricted PAL (Possession and Acquisition License.)

This Certificate is valid for 5 years. Participants must be 18 years old at the time of training.

CONFINED SPACE LEVEL III - ENTRY, MONITOR & RESCUE

Course Code: SA214

Confined Space work involves some of the most critical hazards in the oil and gas industry. This training teaches participants to identify, understand and mitigate the potential hazards of working in restricted and confined spaces.

During this Confined Space Entry, Monitor & Rescue course each participant gets to experience mock situations that employees may be exposed to in the real world. Participants will be suited up and make their way through an actual tank to retrieve items to gain the most practical experience.

FALL PROTECTION

Course Code: SA216

Falls from height are among the most common causes of serious work-related injuries and deaths in the workplace. This comprehensive fall protection training was developed to meet the highest standards for training in most Canadian jurisdictions using Canadian Standards Associations (CSA) Z259.

Designed to educate the worker in the planning, use, care, and implementation of common fall protection systems, it includes both theory and practical application exercises. Participants will engage in hands-on training activities, including inspecting, fitting, adjusting, and connecting fall protection systems and components.
