

50 YEARS | Inspiring new beginnings.  
Creating endless possibilities.

FOR IMMEDIATE RELEASE

## NLC Ready for Fall Term

**Slave Lake, Alberta (August 25, 2020):** As part of its continued response to the COVID-19 pandemic, Northern Lakes College has relaunch guidelines in place to support a safe, gradual return to working and learning on campus. All courses delivered in NLC's Supported Distance Learning (SDL) format will continue as scheduled. The number of staff on campus will be limited, as all of those who can work from home will continue to do so.

NLC's SDL model means many students can study from the comforts of home or work without the need to attend a campus. For the fall 2020 term, only current students who require access to computers or broadband will be on campus. For those programs with onsite and lab program components, engineering controls, physical distancing measures, and appropriate personal protective equipment will be utilized as necessary.

Northern Lakes College is committed to providing students with a quality educational experience while adhering to public health guidelines and implementing COVID-19 protocols to ensure the safety of the College community. The College guidelines may change based on the evolving pandemic situation and updated guidance by the NLC Senior Leadership Team, the Government of Alberta, and health authorities.

Community members are asked to contact the College at 1-866-652-3456 or through the [Contact Us](#) feature on the College website. Phone numbers for each campus location may be found on the website at [northernlakescollege.ca/about-us/campus-locations](http://northernlakescollege.ca/about-us/campus-locations).

A distance learning college, Northern Lakes College provides the most accessible and flexible educational opportunities through innovative delivery. Utilizing its unique Supported Distance Learning (SDL) model, NLC assists 5,000 students annually to continue their education, improve their employment opportunities, and enhance their quality of life. Committed to its communities in northern Alberta and to its students, wherever they may be, NLC collaborates with business, industry, and other post-secondary institutions to benefit students and communities.
