EARLY LEARNING & CHILD CARE DIPLOMA

EDUCATIONAL ASSISTANT:

Students are required to purchase their own textbooks for the courses they are enrolled in. Below, is a list of all courses for the programs listed above and corresponding textbook information for **SPRING 2024**. It is highly recommended that students purchase books as soon as possible due to supply and demand and associated shipping times. Please only purchase books for the course you are enrolled in (check your enrolment form).

Textbooks may be purchased in two ways:

- 1) **E-book purchase.** The Human Services department suggests students purchase the e-book version of texts if available. E-books can be instantly downloaded and some may have the option to be rented at a reduced rate. Vital Source is one recommendation and some links are provided.
- 2) **Hard copy purchase.** Hardcopy versions have different shipping times. If you choose a hardcopy version, ensure that the 13-digit ISBN is correct.
 - Common websites used to purchase textbooks include, but are not limited to: Amazon, Indigo, or directly from the publisher (recommended – see publisher info in descriptions, below).
 - Used copies of the correct edition may also be purchased. We have included the Book Swap Guide at the end of this document.

*The cover of novels may be different between vendors.

*For textbooks, please ensure you purchase the correct edition which is associated with the International Standard Book Number (ISBN) and noted in each description, below. If you are purchasing an e-book, please note that this ISBN may differ slightly, therefore, please use the direct link provided.
