

SOCIAL WORK DIPLOMA (Year 1):

Students are required to purchase their own textbooks for the courses they are enrolled in. Below, is a list of all courses for this program and corresponding textbook information for **WINTER 2024**.

Textbooks may come in printed or e-book formats, and some may have the option to be rented at a reduced rate. The Human Services department suggests students purchase the e-book version of texts. Hardcopy versions have different shipping times and may not arrive prior to the term start, which can make it challenging to catch up in the condensed spring term. If you choose a hardcopy version, ensure that the 13-digit ISBN is correct. Common websites used to purchase textbooks include, but are not limited to: Amazon, Indigo, or directly from the publisher (recommended – see publisher info in descriptions, below). Used copies of the correct edition may also be purchased. We have included the Book Swap Guide at the end of this document.

*The cover of novels may be different between vendors.

*For textbooks, please ensure you purchase the correct edition which is associated with the International Standard Book Number (ISBN) and noted in each description, below.

Contact Denise Smith, Program Coordinator, with any questions you have about course textbooks: smithd@northernlakescollege.ca.
