

COLLEGE AND CAREER PREPARATION PROGRAM

Students are required to purchase their own textbooks for the courses they are enrolled in. See below the list of all courses for this program and corresponding textbook information.

Textbooks may come in printed or e-book formats, and some may have the option to be rented at a reduced rate. The CACP and US Department suggests students purchase the e-book version of texts. Hardcopy versions have different shipping times and may not arrive prior to the term start, which can make it challenging to catch up. If you choose a hardcopy version, ensure that the 13-digit ISBN is correct.

Common websites used to purchase textbooks include, but are not limited to: Amazon, Indigo, or directly from the publisher (recommended – see publisher info in descriptions, below). Used copies of the correct edition may also be purchased. We have included the Book Swap Guide at the end of this document.

*The cover of novels may be different between vendors.

* For textbooks, please ensure you purchase the correct edition which is associated with the International Standard Book Number (ISBN) and noted in each description on the following pages.

ADDITIONAL INFORMATION: Northern Lakes College provides the Book Swap wall so that NLC students may list textbooks to buy and sell. It is up to the purchaser to ensure that the book being purchased is the correct edition as outlined in current program book lists, which are supplied to accepted students and posted on the Northern Lakes College website. Purchasers are responsible for obtaining current program book lists. Payment arrangements are to be made between the seller and buyer. Northern Lakes College holds no responsibility for ensuring the condition of textbooks nor payment issues. Users of this site assume full responsibility for their transactions.
