Congratulatory Message

Honoured guests, on behalf of the County of Northern Lights, it is my pleasure to bring congratulations to all the graduates, and to your parents, families and friends who are celebrating with you today and who will cheer you on to your next steps, which are coming fast.

While these virtual events do not replace in-person celebrations, it is important to do as much as possible to recognize and celebrate the Class of 2021. Even while covid has turned the world upside, you have found ways to adapt and continue to pursue your goals.

We appreciate your commitment and perseverance during these unprecedented times and wish you all the best wherever your path leads you.

Once again, congratulations from council and staff at the County of Northern Lights.

Respectfully,

Terry Ungarian
Reeve, County of Northern Lights
