Slave Lake CEC message to graduates

The Community Education Committee of Northern Lakes College, Slave Lake, wishes to congratulate you on the successful completion of your current studies at the College. As an advisory group to the College consisting of representatives from various business, social and government sectors of the Slave Lake community, we take a keen interest in the work of the College and its students. We are especially impressed with your achievements considering the unusual circumstances that you have had to contend with these past one or two years. Also, as adults returning to your studies many of you, and your families, have had to make special sacrifices to complete your studies made more difficult, of course, by our struggle with the pandemic.

Well done! You have overcome these challenges. Stay positive and we look forward to continuing meeting and working with you in the community in the future.

Northern Lakes College Grads,

The High Level Community Education Committee would like to offer our congratulations to all of the Grads within the Mackenzie Region on your recent graduation from Northern Lakes College. We would like to recognize you for the extraordinary way that you have persevered through the challenges that have presented themselves during 2020 and into 2021. We hope that the lessons you learned during your time at the college will lead to many more successes throughout your life and your chosen career. Once again, a huge congratulations on this great accomplishment
