

**Mandatory Student Purchase:**

These Resources are purchased through PanGlobal: <http://mypower.panglobal.org/pshop/my-books>

**4<sup>th</sup> Class Textbook Set - Part A**

<https://mypower.panglobal.org/pshop/4th-class/165-4th-class-textbook-set-part-a-ed-3-2017.html>

**4<sup>th</sup> Class Textbook Set - Part B**

<https://mypower.panglobal.org/pshop/4th-class/167-4th-class-textbook-set-part-b-ed-3-2017.html>

**Preparatory Math Topics for Power Engineering**

<https://mypower.panglobal.org/pshop/canadian-products/395-preparatory-math-topics-for-power-engineering.html>

**Academic Supplement ed. 2.0 2017**

<https://mypower.panglobal.org/pshop/canadian-products/370-academic-supplement-ed-20-.html>

*Please note: You can choose to purchase Part B separately, as it is not needed until you are enrolled in your Part B class.*

**Instructor Recommended Resources:**

For your unit exams, final exam, and most importantly, your ABSA exam, you will need the following:

*The Safety Codes Act and Regulations under the Safety Codes Act - You can print off the 5 books at no cost:* <https://open.alberta.ca/publications/s01#related>

- Safety Codes Act
- Pressure Equipment Safety Regulation
- Pressure Welders' Regulations
- Power Engineers' Regulations and Amendments
- Pressure Equipment Exemption Order

The following Recommended Resources can be ordered from PanGlobal directly or use:

<http://mypower.panglobal.org/pshop/my-books>

- Safety Codes Act · CSA Academic Extract of CSA B51 and CSA B52  
<https://mypower.panglobal.org/pshop/home/455-extract-of-csa-standards-.html>
- The 2018 ASME Academic Extract (Vol 1) Boiler & Pressure Vessel Code Academic Extract and Supplement produced by PanGlobal Training Systems  
<https://mypower.panglobal.org/pshop/code-extracts-supplement/198-2018-asma-academic-extract-vol-1.html>

**Other Resources:**

- A non-technical English language dictionary;
- Pens and pencils;
- Non-programmable calculator and
- Drawing instruments and drawing templates.
