Full Entry Requirement Process for Canada

1. Beginning February 3, 2021, you must provide proof of a negative COVID (PCR) test no older than 72-hours of the departing flight into Canada.
2. Beginning February 22, 2021, you must pre-book a 3-day stay at an authorized quarantine hotel at your own expense. This must be done before departing.
3. You can only arrive at the Toronto, Montreal, Calgary and Vancouver airports.
4. The ArriveCAN app must be downloaded and all required information filled out.
5. You will be given a COVID (PCR) test upon arrival at the airport.
6. You will go directly to their pre-booked quarantine hotel from the airport. There will be NO stops.
7. You will be released on Day 3 if your test is negative. If your test is positive, you will be transferred to a government quarantine facility.
8. If your test is negative you can proceed directly to your quarantine location (home, rental, approved friend/family home, hotel) for the remaining duration of the 14-day quarantine.
9. You are required to take another COVID (PCR) test near the end of your quarantine.

Hotel Quarantine for Air Travellers (Effective February 22, 2021)

When you arrive in Canada, you can fly into Vancouver, Calgary, Toronto, or Montreal only. You are required to book a government approved hotel. Expect to spend the first three days of your quarantine at a supervised hotel while waiting for the results of a mandated COVID (PCR) Test. This usually takes up to 72-hours.

You must book the supervised hotel stay for you, and your family if they travel with you. The costs of the hotels vary but expect that it will cost \$2000.00 per person. This will cover the cost of the hotel, meals, cleaning, infection prevention, and security, as well as transportation. They will shuttle you from the airport to the supervised hotel.

If your test is negative, you can then take a connecting flight to your final destination. You still MUST quarantine for a full 14-days. You MUST have a quarantine plan for the remaining days.

If your test is positive for COVID, you will be moved to a designated quarantine facility.

If you do not book an approved hotel to quarantine while you wait for your COVID test results, expect to be fined up to \$3000.00 per day (for each person) under the Quarantine Act.

BEFORE YOU TRAVEL TO CANADA:

How to Book a Quarantine Hotel (as of February 18 2021):

When You Arrive in Canada:

Every traveler to Canada must have a quarantine plan. When you arrive in Canada you **MUST** show government officials your quarantine plan. If you have family travelling with you, the plan must include them too. You must show that you have:

1. A plan to quarantine – where you and your family will stay when you quarantine for 14-days
2. Transportation – to your quarantine place; you must show how you will be safe during travel
3. How you will get food and other household needs – how will you get groceries and/or medications?

Let's look at each of these.

Place to Quarantine

Your place must be somewhere you (and your family):

- Is safe for at least 14 days
- Can get food and water, and medications, if needed
- Will have **NO** contact with people who are vulnerable (people over 65 years of age and/or those with underlying medical conditions)

Options to Quarantine:

- A residence that you own or are renting
- A family or friend's home –
 - o you must have your own space for your belongings
 - o private kitchen and bathroom
 - o private outside area
 - o any shared areas must be sanitized before and after each use
 - o avoid physical contact with anyone you did not travel with
 - o wear non-medical mask in shared spaces
 - o you cannot share any household items (cups, spoons, towels, remote controls, etc.)
 - o you cannot be in a home with anyone who is vulnerable (over 65 years old and/or those with underlying medical conditions)
- A Hotel – Near the Edmonton Airport:
